Gold Week Next Week

20th May 2016

Uniform/PE kit for the 2016/2017 academic year

We will be operating an appointment only system for you to purchase new items of uniform / PE Kit for the new academic year and will run from Monday 18th July – Thursday 25th August 10:00am – 2:00pm. To book an appointment please either ring the school on 020 8714 3100 or email

uniform@carshaltonboys.org.

As you will appreciate it is a very busy time of year for the Finance Team and in order to cope with the high volume of uniform orders an appointment system will avoid long queues and delays for parents.

Please do not come to the school if you have not booked an appointment in advance.

Year 11 Yearbook

We are delighted to announce that we can now take orders for the school yearbook for year 11

The Yearbook is an important collection of memories for the boys, collected over the 5 years that they have spent with us at Carshalton Boys. Hopefully these memories will stay with them forever.

This year we are able to offer the Yearbook at the price of £10.00 each.

If your son wishes to purchase one they need to fill in the reply slip below. The order form needs to be given to Sarah Sheppard in F36, in an envelope clearly labelled with your son's name, tutor group and "year 11 yearbook". Or emailed by return to ssheppard@carshaltonboys.org **the payment to be made on Wisepay**. Any queries regarding payment please contact our finance dept.

If you have any queries please do not hesitate to contact us. **The deadline for the orders is Friday 20th May 2016**

Mr Farr & Mrs Sheppard

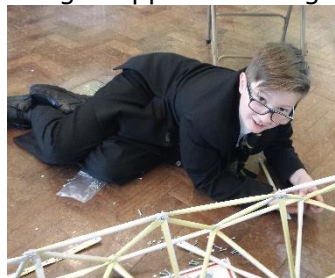

SATRO Construction challenge

Tuesday we took a team of 10 year 8 gifted DT students to The Royal Alexander and Albert School for the Construction challenge.

The first shock of the day was that the lads were split into pairs to work with three or four other pairs from different schools.

After a short talk from a structural engineer they were given the brief to build a bridge to span a 1.5m ravine. This was to be made from rolled up A4 paper held with nuts and bolts.

Costs had to be calculated in order to decide which bridge made the greatest profit after testing. Winning bridge supported 3.5kg at the centre
