## Email From a Member of the Public

Dear Carshalton Boys Sports College

Today, I was on my way home and one of your students approached me and offered to help me carry my shopping all the way back to my house. He said his name was Louie Rauso. I thought I'd let you know and thank you for teaching your students to be so well mannered and kind.

## Student behaviour to and from school

Over the last few days we have had a number of complaints about our student behaviour at the bus stops and around our local community can you please remind your sons of the high expectations that we have in our community and that if they do let us down we will find out and deal with boys involved, if any students do witness poor behaviour they should report it to their PSO or Learning Coordinator.
