What Happens After You Apply?

For **internal students currently attending CBSC**, applications will be considered alongside your attendance, behaviour and predicted grades. Following this review, you may receive a conditional offer, subject to achieving the required GCSE grades for your chosen courses.

Depending on your individual circumstances and the courses you have chosen, you may also be invited to meet with a member of our Sixth Form team to discuss your subject choices, plans for the future and how we can support you in making the most of your Sixth Form experience.

For **external students joining us from another school**, we will request a reference from your current school and review this alongside your application. Most students will then be invited to an Application Event, where you will have the opportunity to meet members of our Sixth Form team, talk about your plans and find out more about joining us.

Following the Application Event, students will normally receive a conditional offer, subject to achieving the required GCSE grades for their chosen courses.

Some students may be invited to attend for an interview. This gives us an opportunity to talk through your application, subject choices and plans for Sixth Form.

Further details about Application Events and interviews, including dates and arrangements, will be shared with you by email.
