

Carshalton Boys Sports College

Year 7

Work Outside the Classroom

Autumn Term 2023

Week Commencing Monday 11 September	
Subject	Task
Art	'Create an artwork of anything you like'. You can use pencil, colour pencil, felt pens, paint, collage or even make a sculpture. The artwork you create will help your art teacher get to know you.
Music	Create a Poster called MUSIC AND ME including facts about you and music you like/instruments you play etc.
PRE	Non-compulsory homework. Recommended tasks: <ul style="list-style-type: none"> - Create: Make flash cards that will help you to remember the key points you've learnt in your lessons i.e. key words, key people, key dates/places, etc. - Research: Go online and take time to look into a new Philosophical, Religious or Ethical topic i.e. Animal Rights, Gender Rights, Terrorism, War, a new religion etc. - Discuss: Using the skill of critical thinking, take time to discuss the new topic i.e. with your sibling in your bedroom, with your family around the dinner table etc.
Technology Rotation	<p>Construction: WOTC 1: Quiztube 5: Making Violins Watch the clip and answer the quiz questions</p> <p>Drama: Complete Drama Tool Box quiz on google form - this is a baseline test so please don't worry about your score.</p> <p>Engineering: WOTC 1: TOPIC: Selection of materials/types of metals Reading, highlighting, mind maps and revision cards</p> <p>PE/Health: Complete the Google Quiz posted on Classcharts</p> <p>Product Design: WOTC 1: Polymers sources, types & properties. Polymers Booklet: Read pages 2-4 and then complete the Polymers HW Quiz 1 (Google Forms, set on Google Classroom)</p> <p>Food Studies: We would like you to choose a chef and research them. We would like you to write a biography or an outline of their career. This must be in your own words. You have two weeks to complete this task and upload it to GC.</p>

Week Commencing Monday 18 September	
Subject	Task
Computer Science	Online Safety - complete the online Google form to test your knowledge on Online safety. Use your theory booklet to assist you in completing the task.
English	Reading: Read at home for 20 mins every day. Research Task: Create a fact-file on a mythical creature or legend of your choice from a book/film/TV/play.
French	Complete the front page (French themes) Vocabulary test 1 (5 short phrases based on the topic of saying your name)
Geography	Using a digital Atlas, take learnings from the last 2 lessons to answer the questions (locational based) in full sentences.
History	Roman Empire Activity and Quiz Clip on BBC Bitesize – students are to read the information, watch the video and then do the quiz – they need to upload evidence of their 100% onto

	google classroom.
Mathematics	Please complete the first four sections (Place Value, Negative Numbers, Rounding and Adding) in your Transition workbook handed out in class. Each topic is divided into three parts: Introduce, Strengthen and Deepen. Complete all three parts for these topics and bring back to class in two weeks time for checking
Science	<p>7a/Sc1, 7a/Sc5, 7b/Sc1, 7b/Sc5 - <i>Chemistry</i> - Create a model of the atom</p> <p>7a/Sc2, 7b/Sc2, 7b/Sc4 - <i>Physics</i> - Seneca KS3 3.1.1 Energy Stores and 3.1.2 Efficiency of Energy Transfers due L3+ Making Posters for types of Energy</p> <p>7a/Sc3, 7a/Sc4, 7b/Sc3 - <i>Biology</i> - Complete Seneca KS3 1.1.6-10 assignment on Cells</p>
Spanish	<p>Complete the front page with a hispanic theme</p> <p>Vocabulary test 1 (5 short phrases based on the topic of saying your name)</p>
Technology Rotation	<p>Food Studies: We would like you to choose a chef and research them. We would like you to write a biography or an outline of their career. This must be in your own words. You have two weeks to complete this task and upload it to GC.</p> <p>Engineering: complete the Metals Theory Quiz 1 (Google Forms, set on Google Classroom)</p>

Week Commencing Monday 25 September	
Subject	Task
Art	Copy out the four 3D shapes using plain A4 paper using a soft 2B or 4B pencil
Citizenship	Rights poster – pupils will be asked to draw a poster representing an important human right
Music	Practise the chorus of the song “revolting Children” to sing in the next music lesson. You can choose to prepare a solo verse also if you would like to.
PE	In the sport that you are studying, practise the advanced skills that have been taught in lessons so far this term.
PRE	<p>Non-compulsory homework. Recommended tasks:</p> <ul style="list-style-type: none"> - Create: Make flash cards that will help you to remember the key points you've learnt in your lessons i.e. key words, key people, key dates/places, etc. - Research: Go online and take time to look into a new Philosophical, Religious or Ethical topic i.e. Animal Rights, Gender Rights, Terrorism, War, a new religion etc. - Discuss: Using the skill of critical thinking, take time to discuss the new topic i.e. with your sibling in your bedroom, with your family around the dinner table etc.
Technology Rotation	<p>Construction: WOTC 2: Quiztube 6: Wooden Toys Watch the clip and answer the quiz questions.</p> <p>Drama: My inspiring actor research task - see document attached to google classroom to help you with this task.</p> <p>Engineering: WOTC 3: Reading, highlighting, mind maps and revision cards - TOPIC: Metals - Functionality, Aesthetics & Properties, & social, moral & ethical factors</p> <p>PE/Health: Complete the Google Quiz posted on Classcharts</p> <p>Product Design: WOTC 2: Forms, Sizes & Processes Polymers Booklet: Read pages 5-7</p>

	<p>and then complete the Polymers HW Quiz 2 (Google Forms, set on Google Classroom)</p> <p>Food Studies:Healthy Eating Quiz on Quizziz: pupils complete a revision resource on Healthy Eating and the Eatwell Guide in preparation for a recall quiz next week. Upload your revision or a photo of the revision in Google Classroom.</p>
--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Week Commencing Monday 2 October	
Subject	Task
Computer Science	AI & Machine learning Part 1 - complete the online Google form Quiz to show your understandings on the origin and uses of AI
English	Reading: Read at home for 20 mins every day. SpaG Task: Complete the nouns to describe activities
French	Practise a sentence describing your mood to say in class (an optional challenge will be given) Online tasks assigned on Sentence Builders (describing one's mood) www.sentencebuilders.com
PE	For the sport that you are studying, create a poster which explains at least 3 rules from the sport.
Geography	Revision flashcards on Map skills small unit one revision card on each: The Compass - in order to be able to describe its components and fill in a blank one How to use an Atlas in Geography (countries, oceans, contents page) longitude and latitude - to be able to identify, read off an atlas, know the difference. The Map of the UK - be able to use map skills learnt to apply to specifically the UK.
History	Norman Conquest Activity and Quiz on BBC Bitesize – students are to read the information, watch the video and then do the quiz – they need to upload evidence of their 100% onto google classroom.
Mathematics	Please complete the next four sections in your Transition workbook handed out in class. Each topic is divided into three parts: Introduce, Strengthen and Deepen. Complete all three parts for these topics and bring back to class in two weeks time for checking
Science	7a/Sc1, 7a/Sc5, 7b/Sc1, 7b/Sc5 - <i>Chemistry</i> - Revision using flashcards for the topic of 'the periodic table' 7a/Sc2, 7b/Sc2, 7b/Sc4 - <i>Physics</i> - PhET assignment "Energy Skate Park" due L5 7a/Sc3, 7a/Sc4, 7b/Sc3 - <i>Biology</i> - Revision using flashcards for the Cells assessment
Spanish	Practise a sentence describing your mood to say in class (an optional challenge will be given) Online tasks assigned on Sentence Builders (describing one's mood) www.sentencebuilders.com
Technology Rotation	Engineering - WOTC 4: Complete the Metals - Functionality, Aesthetics & Properties, & social, moral & ethical factors Theory Quiz 2

Week Commencing Monday 9 October	
Subject	Task
Art	Watch the Youtube tutorial and copy what the artist is doing - the sphere. Draw on plain A4 paper and shade with colour pencils
Music	Complete the google quiz on note values achieve at least 80%
PE	For the sport that you have studied, create a podcast entry which can be a voice recording or a short video, which explains 2 tactics that have been taught in lessons on this sport.
PRE	Non-compulsory homework. Recommended tasks: <ul style="list-style-type: none"> - Create: Make flash cards that will help you to remember the key points you've learnt in your lessons i.e. key words, key people, key dates/places, etc. - Research: Go online and take time to look into a new Philosophical, Religious or Ethical topic i.e. Animal Rights, Gender Rights, Terrorism, War, a new religion etc. - Discuss: Using the skill of critical thinking, take time to discuss the new topic i.e. with your sibling in your bedroom, with your family around the dinner table etc.
Technology Rotation	<p>Construction: WOTC 3: Quiztube 7: Wooden Windows Watch the clip and answer the quiz questions.</p> <p>Drama: RESUBMIT Drama ToolBox quiz on google form - see how much progress you've made since September the 11th!</p> <p>Engineering: WOTC 5: Reading, highlighting, mind maps and revision cards - TOPIC: New & Emerging Tech</p> <p>AND revision for end of project exam using WOTC booklet & lesson slides on Google Classroom</p> <p>PE/Health: Complete the Google Quiz posted on Classcharts</p> <p>Product Design: WOTC 3: Forms, Sizes & Processes Polymers Booklet: Read pages 8-10 and then complete the Polymers HW Quiz 3 (Google Forms, set on Google Classroom)</p> <p>Food Studies: Healthy Eating Quiz on Quizziz: pupils complete a revision resource on Healthy Eating and the Eatwell Guide in preparation for a recall quiz next week. Upload your revision or a photo of the revision in Google Classroom.</p>

Week Commencing Monday 16 October	
Subject	Task
Computer Science	AI & Machine learning Part 2 - complete online Google form Quiz to show your understandings on the rules needed to solve problems
English	<p>Reading: Read at home for 20 mins every day.</p> <p>Comprehension Task: Read the extract and complete the activities that follow it.</p>
French	<p>Vocabulary test 3 (5 short phrases based on the topic of saying your age)</p> <p>Tasks assigned on Duolingo www.duolingo.com</p>
Geography	Students complete an extended writing piece on the water cycle (from the perspective that they are a raindrop) using all the key words (e.g. precipitation, condensation, transpiration)

	etc etc). The alternate task is to create a catchy rap song which they will perform to class about the water cycle using all the key words.
PE	In the 2nd sport that you are studying, practise the core skills that you have been taught in lessons this week.
History	Complete 7.1.1 Knowledge Quiz on Google Classroom to prepare for Assessment next lesson. Pass mark is a minimum of 80%. Failure to pass will require students to collect a paper copy in advance of the deadline. Complete mind map worksheet and bring in as revision evidence next lesson
Mathematics	Please complete the next four sections in your Transition workbook handed out in class. Each topic is divided into three parts: Introduce, Strengthen and Deepen. Complete all three parts for these topics and bring back to class in two weeks time for checking
Science	7a/Sc1, 7a/Sc5, 7b/Sc1, 7b/Sc5 - <i>Physics</i> - Seneca KS3 3.1.1 Energy Stores and 3.1.2 Efficiency of Energy Transfers due L3+ Making Posters for types of Energy 7a/Sc2, 7b/Sc2, 7b/Sc4 - <i>Biology</i> - Complete Seneca KS3 1.1.6-10 assignment on Cells 7a/Sc3, 7a/Sc4, 7b/Sc3 - <i>Chemistry</i> - Create a model of the atom
Spanish	Vocabulary test 3 (5 short phrases based on the topic of saying your age) Tasks assigned on Duolingo www.duolingo.com
Technology Rotation	Engineering: WOTC 6: Complete the New & emerging technology Theory Quiz 3 Food Studies: We would like you to cook or help cook a meal at home - this could be a breakfast, lunch or evening meal. Think about how the dish can be presented to make it look nice. Upload a photo of the dish to Google Classroom.

Week Commencing Monday 30 October	
Subject	Task
Art	Choose 10 textures from the examples and copy on A4 plain paper use a pencil or a black biro pen
Citizenship	Revision: pupils will be asked to revise for a 'midpoint' multiple choice assessment on the 'Rights and responsibilities' topic. To help students do this, revision techniques will be demonstrated and practised in class, and a revision guide covering key content will be shared with them.
Computer Science	Introduction to Vector Graphics - complete the online Google form Quiz to show your understandings on Vector Graphics
English	Reading: Read at home for 20 mins every day. SpaG Task: Complete the adverbs activity
French	Vocabulary test 4 (5 short phrases based on the topic of saying name, mood and age) Tasks assigned on Duolingo www.duolingo.com

Geography	<p>Using the atlas to complete the following word puzzle. RIVERS OF THE WORLD. Students must find a river that's name starts with the letters in the puzzle.</p> <p>Remember to say the country or countries through which each flows.</p>
Mathematics	<p>Please log onto Sparx Maths and complete the assignments on:</p> <p>Using number lines - M763 Key Stage 3 / Number / Place value</p> <p>Integer place value - M704 Key Stage 3 / Number / Place value</p> <p>Decimal place value - M522 Key Stage 3 / Number / Place value</p> <p>Ordering negative numbers - M527 Key Stage 3 / Number / Negative numbers</p>
Music	<p>Create a miniature model of an instrument using items from your recycling. It should be no bigger than 10 cm x 10cm</p>
PE	<p>In the 2nd sport that you are studying, practise the advanced skills that have been taught in lessons so far.</p>
PRE	<p>Non-compulsory homework. Recommended tasks:</p> <ul style="list-style-type: none"> - Create: Make flash cards that will help you to remember the key points you've learnt in your lessons i.e. key words, key people, key dates/places, etc. - Research: Go online and take time to look into a new Philosophical, Religious or Ethical topic i.e. Animal Rights, Gender Rights, Terrorism, War, a new religion etc. - Discuss: Using the skill of critical thinking, take time to discuss the new topic i.e. with your sibling in your bedroom, with your family around the dinner table etc.
Science	<p>7a/Sc1, 7a/Sc5, 7b/Sc1, 7b/Sc5 - <i>Physics</i> - PhET assignment "Energy Skate Park" due L5</p> <p>7a/Sc2, 7b/Sc2, 7b/Sc4 - <i>Biology</i> - Revision using flashcards for the Cells assessment</p> <p>7a/Sc3, 7a/Sc4, 7b/Sc3 - <i>Chemistry</i> - Revision using flashcards for the topic of 'the periodic table'</p>
Spanish	<p>Vocabulary test 4 (5 short phrases based on the topic of saying name, mood and age)</p> <p>Tasks assigned on Duolingo www.duolingo.com</p>
Technology Rotation	<p>Construction: WOTC 1: Quiztube 5: Making Violins Watch the clip and answer the quiz questions</p> <p>Drama: Complete Drama Tool Box quiz on google form - this is a baseline test so please don't worry about your score.</p> <p>Engineering: WOTC 1: TOPIC: Selection of materials/types of metals Reading, highlighting, mind maps and revision cards</p>

	<p>PE/Health: Complete the Google Quiz posted on Classcharts</p> <p>Product Design: WOTC 1: Polymers sources, types & properties. Polymers Booklet: Read pages 2-4 and then complete the Polymers HW Quiz 1 (Google Forms, set on Google Classroom)</p> <p>Food Studies: We would like you to choose a chef and research them. We would like you to write a biography or an outline of their career. This must be in your own words. You have two weeks to complete this task and upload it to GC.</p>
--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Week Commencing Monday 6 November	
Subject	Task
Art	Copy the drawing of the hedgehog to practise your texture and mark-making skills
Computer Science	Bitmap Graphics - complete the online Google formQuiz to show your understandings on Bitmap Graphics
English	<p>Reading: Read at home for 20 mins every day.</p> <p>Comprehension Task: Read the extracts and complete as many of the comprehension activities as you can.</p>
French	<p>Practise a sentence stating your birthday to say in class (an optional challenge will be given)</p> <p>Online tasks assigned on Sentence builder (saying when your birthday is and somebody else's) www.sentencebuilders.com</p>
Geography	Comparing a flashy hydrograph to a subdued hydrograph. Students given printed hydrographs and are asked to write 4 comparisons based on keywords such as peak flow, rising limb, storm runoff.
Mathematics	<p>Please log onto Sparx Maths and complete the assignments on:</p> <p>Rounding integers - M111 Key Stage 3 / Number / Rounding</p> <p>Adding and subtracting with negative numbers - M106 Key Stage 3 / Number / Negative numbers</p> <p>Multiplying and dividing with negative numbers - M288 Key Stage 3 / Number / Negative numbers</p> <p>Calculating with roots and powers - M135 Key Stage 3 / Number / Roots and powers</p>
PE	For the sport that you are studying, create a poster which explains at least 3 rules from the sport.
PRE	10 Multiple Choice Question Knowledge Test on the Life on Earth unit will be completed on Google Classroom e.g. key words, key quotes, key people, key places, key examples etc.

Science	<p>7a/Sc1, 7a/Sc3, 7a/Sc4, 7a/Sc5, 7b/Sc1, 7b/Sc3, 7b/Sc5 - <i>Physics</i> - - Seneca KS3 3.1.1 Energy Stores and 3.1.2 Efficiency of Energy Transfers due L3 + Making Posters for types of Energy</p> <p>7a/Sc2, 7b/Sc2, 7b/Sc4 - <i>Biology</i>- Revision using flashcards for the Cells assessment</p>
Spanish	<p>Practise a sentence stating your birthday to say in class (an optional challenge will be given)</p> <p>Online tasks assigned on Sentence builder (saying when your birthday is and somebody else's) www.sentencebuilders.com</p>
Technology Rotation	<p>Construction: WOTC 2: Quiztube 6: Wooden Toys Watch the clip and answer the quiz questions.</p> <p>Drama: My inspiring actor research task - see document attached to google classroom to help you with this task.</p> <p>Engineering: Engineering: complete the Metals Theory Quiz 1 (Google Forms, set on Google Classroom)</p> <p>PE/Health: Complete the Google Quiz posted on Classcharts</p> <p>Product Design: WOTC 2: Forms, Sizes & Processes Polymers Booklet: Read pages 5-7 and then complete the Polymers HW Quiz 2 (Google Forms, set on Google Classroom)</p> <p>Food Studies: We would like you to choose a chef and research them. We would like you to write a biography or an outline of their career. This must be in your own words. You have two weeks to complete this task and upload it to GC.</p>

Week Commencing Monday 13 November	
Subject	Task
Art	Create a continuous line drawing of an object at home
Citizenship	Revision: pupils will be asked to revise for an end of unit assessment on the 'Rights and Responsibilities' topic. To help students do this, revision techniques will be demonstrated and practised in class, and a revision guide covering key content will be shared with them.
Computer Science	Computational thinking Part 1 - Complete the online Google form quiz to show your understandings on Computational thinking
English	Reading: Read at home for 20 mins every day. SpaG Task: Complete the vocabulary builder sentences
French	Online tasks assigned on Sentence Builders and Language Gym (general revision of SBs 1-4) www.sentencebuilders.com www.languagegym.com Tasks assigned on Duolingo www.duolingo.com
Geography	Assessing the different causes of water shortages. students given 5 reasons for water shortages, They need to rank them in their perceived importance and relative causation to water shortages. They need to justify each rank.
History	Feudal System and Domesday Book Activity and Quiz on BBC Bitesize – students are to read the information, watch the video and then do the quiz – they need to upload evidence of

	<p>their 100% onto google classroom.</p> <p>Set Castle Project (Full instructions on Google and Class Charts – 4-5 week completion)</p>
Mathematics	<p>Please log onto Sparx Maths and complete the assignments on:</p> <p>Rounding decimals - M431 Key Stage 3 / Number / Rounding</p> <p>Using the correct order of operations - M521 Key Stage 3 / Number / The order of operations</p> <p>Using the commutative laws - M952 Key Stage 3 / Number / Number skills</p> <p>Using the associative laws - M409 Key Stage 3 / Number / Number skills</p>
Music	Complete the live worksheet on music theory and submit
PE	For the sport that you have studied, create a podcast entry which can be a voice recording or a short video, which explains 2 tactics that have been taught in lessons on this sport.
PRE	<p>Non-compulsory homework. Recommended tasks:</p> <ul style="list-style-type: none"> - Create: Make flash cards that will help you to remember the key points you've learnt in your lessons i.e. key words, key people, key dates/places, etc. - Research: Go online and take time to look into a new Philosophical, Religious or Ethical topic i.e. Animal Rights, Gender Rights, Terrorism, War, a new religion etc. - Discuss: Using the skill of critical thinking, take time to discuss the new topic i.e. with your sibling in your bedroom, with your family around the dinner table etc.
Science	<p>7a/Sc1, 7a/Sc5, 7b/Sc1, 7b/Sc5 - <i>Biology</i> - Complete Seneca KS3 1.1.6-10 assignment on Cells</p> <p>7a/Sc2, 7b/Sc2, 7b/Sc4 - <i>Chemistry</i> - Create a model of the atom</p> <p>7a/Sc3, 7a/Sc4, 7b/Sc3 - <i>Physics</i> - PhET assignment "Energy Skate Park" due L5</p>
Spanish	<p>Online tasks assigned on Sentence Builders and Language Gym (general revision of SBs 1-4) www.sentencebuilders.com www.languagegym.com</p> <p>Tasks assigned on Duolingo www.duolingo.com</p>
Technology Rotation	<p>Construction: WOTC 3: Quiztube 7: Wooden Windows Watch the clip and answer the quiz questions.</p> <p>Drama: RESUBMIT Drama ToolBox quiz on google form - see how much progress you've made since September the 11th!</p> <p>Engineering: WOTC 3: Reading, highlighting, mind maps and revision cards - TOPIC: Metals - Functionality, Aesthetics & Properties, & social, moral & ethical factors</p> <p>PE/Health: Complete the Google Quiz posted on Classcharts</p> <p>Product Design: WOTC 3: Forms, Sizes & Processes Polymers Booklet: Read pages 8-10</p>

	<p>and then complete the Polymers HW Quiz 3 (Google Forms, set on Google Classroom)</p> <p>Food Studies: Healthy Eating Quiz on Quizziz: pupils complete a revision resource on Healthy Eating and the Eatwell Guide in preparation for a recall quiz next week. Upload your revision or a photo of the revision in Google Classroom.</p>
--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Week Commencing Monday 20 November	
Subject	Task
Internal assessments - No WOTC	

Week Commencing Monday 27 November	
Subject	Task
Internal assessments - No WOTC	

Week Commencing Monday 4 December	
Subject	Task
Art	Use either coloured pencils, felt pens if you have lots of tones or watercolour paint and colour the abstract composition using warm and cool colours
Computer Science	Revise for the End of Term 1 Assessment - use your theory booklet. Build a mind map on Topics 1-3
English	Reading: Read at home for 20 mins every day. Writing Task: Plan out a mythical forest setting and use it to draft the opening of your very own myth.
French	Vocabulary test 5 (5 short phrases based on the topic of saying where you/others are from) Online tasks assigned on Sentence Builders (location and places) www.sentencebuilders.com
Geography	Assessment review. WWW and EBI. students to suggest ways to turn EBI into WWW, do they need support, revise more etc. Students redo questions which are incorrect.
History	Continue with Castle Project
Mathematics	Please log onto Sparx Maths and complete the assignments on: Adding integers - M928 Key Stage 3 / Number / Adding Algebraic notation - M813 Key Stage 3 / Algebra / Algebraic notation Algebraic terminology - M830 Key Stage 3 / Algebra / Algebraic notation Simplifying expressions containing a single variable - M795

	<p>Key Stage 3 / Algebra / Simplifying expressions</p> <p>Simplifying expressions containing multiple variables - M531</p> <p>Key Stage 3 / Algebra / Simplifying expressions</p> <p>Simplifying expressions containing non-linear terms - M949</p> <p>Key Stage 3 / Algebra / Simplifying expressions</p>
Music	Sign in to the TEACHING GADGET website and practise the exercises on note values
PE	In the 3rd sport that you are studying, practise the core skills that you have been taught in lessons this week.
Science	<p>7a/Sc1, 7a/Sc5, 7b/Sc1, 7b/Sc5 - <i>Biology</i> - Revision using flashcards for the Cells assessment</p> <p>7a/Sc2, 7b/Sc2, 7b/Sc4 - <i>Chemistry</i> - Revision using flashcards for the topic of 'the periodic table'</p> <p>7a/Sc3, 7a/Sc4, 7b/Sc3 - <i>Physics</i> - Seneca KS3 3.1.6 Energy & Power, 3.1.8 Energy at Home and 3.1.9 Fuel Bills and/or WebQuest "Saving on heating bills" due L13</p>
Spanish	<p>Vocabulary test 5 (5 short phrases based on the topic of saying where you/others are from)</p> <p>Online tasks assigned on Sentence Builders (location and places) www.sentencebuilders.com</p>
Technology Rotation	<p>Construction: WOTC 3: Quiztube 7: Wooden Windows Watch the clip and answer the quiz questions.</p> <p>Drama: RESUBMIT Drama Tool Box quiz on google form - see how much progress you've made since September the 11th!</p> <p>Engineering: Engineering - WOTC 4: Complete the Metals - Functionality, Aesthetics & Properties, & social, moral & ethical factors Theory Quiz 2 AND WOTC 5: Reading, highlighting, mind maps and revision cards - TOPIC: New & Emerging Tech</p> <p>AND revision for end of project exam using WOTC booklet & lesson slides on Google Classroom</p> <p>PE/Health: Complete the Google Quiz posted on Classcharts</p> <p>Product Design: WOTC 3: Forms, Sizes & Processes Polymers Booklet: Read pages 8-10 and then complete the Polymers HW Quiz 3 (Google Forms, set on Google Classroom)</p> <p>Food Studies: We would like you to cook or help cook a meal at home - this could be a breakfast, lunch or evening meal. Think about how the dish can be presented to make it look nice. Upload a photo of the dish to Google Classroom.</p>

Week Commencing Monday 11 December	
Subject	Task
Art	Create a collage of an animal. Use any collage materials you can find eg. magazines,

	newspaper, junk mail, greeting cards, wrapping paper, cereal boxes, sweet wrappers
Computer Science	Revise for the End of Term 1 Assessment - use your theory booklet. Build a mind map on Topics 4-5
English	Reading: Read at home for 20 mins every day. Writing Task: Rewrite and improve the extract.
French	Surprise me homework to be completed over the Christmas break Tasks assigned on Duolingo www.duolingo.com
History	Continue with Castle Project
Mathematics	Please log onto Sparx Maths and complete the assignments on: Adding decimals - M429 Key Stage 3 / Number / Adding Substituting into expressions with one operation - M417 Key Stage 3 / Algebra / Substituting into expressions and formulae Substituting into expressions with multiple operations - M327 Key Stage 3 / Algebra / Substituting into expressions and formulae Substituting into algebraic formulae - M208 Key Stage 3 / Algebra / Substituting into expressions and formulae Substituting into real-life formulae - M979 Key Stage 3 / Algebra / Substituting into expressions and formulae
Music	Sign in to the TEACHING GADGET website and practise the exercises on notes of the treble clef
PE	In the 3rd sport that you are studying, practise the advanced skills that have been taught in lessons so far this term.
PRE	Non-compulsory homework. Recommended tasks: <ul style="list-style-type: none"> - Create: Make flash cards that will help you to remember the key points you've learnt in your lessons i.e. key words, key people, key dates/places, etc. - Research: Go online and take time to look into a new Philosophical, Religious or Ethical topic i.e. Animal Rights, Gender Rights, Terrorism, War, a new religion etc. - Discuss: Using the skill of critical thinking, take time to discuss the new topic i.e. with your sibling in your bedroom, with your family around the dinner table etc.
Science	All - Complete the WebQuest task 'Elements on Earth'
Spanish	Surprise me homework to be completed over the Christmas break Tasks assigned on Duolingo www.duolingo.com
Technology Rotation	Construction: WOTC 4: Quiztube 7: Wooden Windows Watch the clip and answer the quiz questions.

	<p>Drama: Complete Drama Tool Box quiz on google form - this is a baseline test so please don't worry about your score.</p> <p>Engineering: Engineering: WOTC 6: Complete the New & emerging technology Theory Quiz 3</p> <p>PE/Health: Complete the Google Quiz posted on Classcharts</p> <p>Product Design: WOTC 4: Forms, Sizes & Processes Polymers Booklet: Read pages 1-11 and then produce some revision cards to summarise the key points from the Polymers topic.</p> <p>Food Studies: We would like you to cook or help cook a meal at home - this could be a breakfast, lunch or evening meal. Think about how the dish can be presented to make it look nice. Upload a photo of the dish to Google Classroom.</p>
