Computer Science

Week beginning	WOTC
6 January	Flipped learning video - watch and make constructive notes in your exercise book on 1.5 Utility Software
13 January	Revise for 1.5 end of topic test. Make a revision card for each video in 1.5. Complete the Smart Revise Task.
20 January	Flipped learning video - watch and make constructive notes in your exercise book on 1.6 Ethical, Legal, Cultural, and Environmental Concerns.
27 January	Flipped learning video - watch and make constructive notes in your exercise book on 1.6 Privacy Issues
3 February	Flipped learning video - watch and make constructive notes in your exercise book on 1.6 Cultural Implications
10 February	Flipped learning video - watch and make constructive notes in your exercise book on 1.6 Environmental Impacts
24 February	Flipped learning video - watch and make constructive notes in your exercise book on 1.6 Impacts of Digital Technology
3 March	Flipped learning video - watch and make constructive notes in your exercise book on 1.6 Legislation Relevant to Computer Science
10 March	Flipped learning video - watch and make constructive notes in your exercise book on 1.6 Open Source and Proprietary Software.
17 March	<i>No WOTC - Y10 Mock Examination Week</i>

24 March	Revise for 1.6 end of topic test. Make a revision card for each video in 1.6. Complete the Smart Revise Task.
31 March	Flipped learning video - watch and make constructive notes in your exercise book on 2.1 Abstraction

Construction	
Week beginning	WOTC
6 January	1.4 Revision - knowledge questions (answer at home) Electrics Skills: One & Two Way Light, Sockets: NEA Slides 3 - Success Criteria Electrics Skills: One & Two Way Light, Sockets Practical 4:
13 January	Electrics Skills: One & Two Way Light, Sockets: NEA Slides 4 - Time Plan & Risk Assessment (finish for WOTC) Electrics Skills: One & Two Way Light, Sockets Practical 5: 1.4 WOTC booklet
20 January	Electrics Skills: One & Two Way Light, Sockets: NEA Slides 5 - Photos & describe practical work 1 Electrics Skills: One & Two Way Light, Sockets Practical 6 1.4 Exam Style Question with Mark Scheme 1.4 WOTC booklet
27 January	Electrics Skills: One & Two Way Light, Sockets: NEA Slides 6 - Photos & describe practical work 2 (finish for WOTC) Electrics Skills: One & Two Way Light, Sockets Practical 7 1.4 WOTC booklet
3 February	Electrics Skills: One & Two Way Light, Sockets: NEA Slides 7 - Remove & Dispose Electrics Skills: One & Two Way Light, Sockets Practical 8 1.4 WOTC booklet
10 February	Electrics Skills: One & Two Way Light, Sockets: NEA Slides 8 - Evaluation vs Success Criteria, WWW/EBI (finish for WOTC) ASSESSMENT/FEEDBACK/RESPONSE Revision using answers to 1.4, revision cards etc 1.4 WOTC booklet
24 February	Plumbing Skills: H&C supply, Isolator Valves Practical 1 - measure, mark, plan board layout Plumbing Skills: H&C supply, Isolator Valves: NEA Slides 1 - Name, job spec, materials list, Tools Table (finish for WOTC) 1.4 WOTC booklet
3 March	Plumbing Skills: H&C supply, Isolator Valves Practical 3 - Plumbing Skills: H&C supply, Isolator Valves: NEA Slides 3 - Success Criteria 1.5 Revision - knowledge questions (answer at home)
10 March	Plumbing Skills: H&C supply, Isolator Valves Practical 4 - Plumbing Skills: H&C supply, Isolator Valves: NEA Slides 4- Time Plan & Risk Assessment (finish for WOTC)

17 March	No WOTC - Y10 Mock Examination Week
24 March	Plumbing Skills: H&C supply, Isolator Valves Practical 5 - Plumbing Skills: H&C supply, Isolator Valves: NEA Slides 5 - Photos & describe practical work 1 1.5 Exam Style Question with Mark Scheme
31 March	Plumbing Skills: H&C supply, Isolator Valves Practical 6 - Plumbing Skills: H&C supply, Isolator Valves: NEA Slides 6 - Photos & describe practical work 2 (finish for WOTC)

Creative i-Media	
Week beginning	WOTC
6 January	R093 Section 1.1 Part 3 Complete notes in your exercise book on the products [video, audio, music] in the media industry with clear title/subtitles. Create 5 questions on what you have learnt to test others on the section.
13 January	Complete the Google form quiz on R093 Section 1.1 Part 3 [video, audio, music] in the media industry
20 January	R093 Section 1.1 Part 3 Complete notes in your exercise book on the products[Animation, special effects(SFX, VFX), Digital Imaging & Graphics] in the media industry with clear title/subtitles. Create 5 questions on what you have learnt to test others on the section.
27 January	Complete the Google form quiz on R093 Section 1.1 Part 3 [Animation, special effects(SFX, VFX), Digital Imaging & Graphics] in the media industry
3 February	R093 Section 1.1 Part 3 Complete notes in your exercise book on the products[Social media platforms/apps, Digital games, Websites & Multimedia] in the media industry with clear title/subtitles. Create 8 questions on what you have learnt to test others on the section.
10 February	Complete the Google form quiz on R093 Section 1.1 Part 3 [Social media platforms/apps, Digital games, Websites & Multimedia] in the media industry
24 February	R093 Section 1.2 Part 1 Complete notes in your exercise book on the job roles in the media industry on the creative sector, namely an animator & content creator
3 March	Complete the Google form quiz on R093 Section 1.2 on the job roles in the media industry on the creative sector, namely an animator & content creator
10 March	R093 Section 1.2 Part 1 Complete notes in your exercise book on the job roles in the media industry on the technical sector, namely camera operator & sound editor
17 March	No WOTC - Y10 Mock Examination Week
24 March	Complete the Google form quiz on R093 Section 1.2 on the job roles in the media industry on the technical sector, namely camera operator & sound editor
31 March	R093 Section 1.2 Part 1 Complete notes in your exercise book on the job roles in the media industry on the senior roles namely campaign manager & creative director

Drama	
Week beginning	WOTC
6 January	Blood Brothers: 4 marker google form - SET & COSTUME design (X2 google forms to complete). Complete via google classroom in preparation for your end of term Blood Brothers MOCK.
13 January	Blood Brothers: 8 marker google form - VOCAL skills.

	Complete via google classroom in preparation for your end of term Blood Brothers MOCK.
20 January	Blood Brothers: 8 marker google form - PHYSICAL skills. Complete via google classroom in preparation for your end of term Blood Brothers MOCK. + Knowledge quiz X2. Revision to be completed for in lesson tests.
27 January	Blood Brothers: 12 marker google form - USE OF SPACE. Complete via google classroom in preparation for your end of term Blood Brothers MOCK. + Knowledge quiz X2. Revision to be completed for in lesson tests.
3 February	Blood Brothers: 12 marker google form - USE OF SPACE (form two). Complete via google classroom in preparation for your end of term Blood Brothers MOCK. + Knowledge quiz X2. Revision to be completed for in lesson tests.
10 February	Blood Brothers: 20 marker google - PRACTISE QUESTION. Complete in preparation for your end of term Blood Brothers MOCK. + Knowledge quiz X2. Revision to be completed for in lesson tests.
24 February	Section C - PRACTISE QUESTION. Must complete 300-500 words within your submission. + Knowledge quiz X2. Revision to be completed for in lesson tests.
3 March	Revision material for Section B & C - resources shared on GC. Students must create and submit a choice of X2 of the below: <ul style="list-style-type: none"> - Revision cards on key terminology (vocal, physical & spatial skills) - One paragraph following Section C structure (see guidance resources) - A highlighted response for Section C model essay. Highlights should indicate where marks have been awarded. - A videoed / recorded audio response for a 12 mark question on blood brothers. Each of the above tasks on this 'menu' will help pupils prepare for their exam. It is their choice which X2 they select.
10 March	Exam plan - Section B sentence starters and Section C structure revision.
17 March	<i>No WOTC - Y10 Mock Examination Week</i>
24 March	Final logbook edits (C2 Devising)
31 March	Final logbook edits (C2 Devising)

Engineering

Week beginning	WOTC
6 January	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <ol style="list-style-type: none"> 1. Types of manufacturing processes 2. Wasting processes: Sawing 3. Wasting processes: Filing 4. Wasting processes: Shearing

<p>13 January</p>	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <ul style="list-style-type: none"> 5. Wasting processes: Drilling 6. Wasting processes: Threading 7. Wasting processes: Laser cutting 8. Wasting processes: Milling/routing
<p>20 January</p>	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <ul style="list-style-type: none"> 9. Wasting processes: Turning 10. Shaping processes: Die casting 11. Shaping processes: Sand casting 12. Shaping processes: Sand casting versus die casting
<p>27 January</p>	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <ul style="list-style-type: none"> 13. Shaping processes: Injection moulding 14. Shaping processes: Powder metallurgy 15. Forming processes: Forging
<p>3 February</p>	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <ul style="list-style-type: none"> 16. Forming processes: Press forming 17. Forming processes: Strip heating polymers 18. Forming processes: Vacuum forming 19. Forming processes: Moulding of GFRP composites
<p>10 February</p>	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <ul style="list-style-type: none"> 20. Forming processes: Moulding of CFRP composites 21. Additive manufacturing: 3D Printing 22. Joining processes; Brazing 23. Joining processes: Riveting
<p>24 February</p>	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <ul style="list-style-type: none"> 24. Joining processes: Mechanical fastening 25. Additive manufacturing: 3D Printing 26. Finishing processes: Painting and powder coating 27. Mechanical properties of materials: Strength, elasticity, ductility and hardness

3 March	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <p>28. Other properties influencing manufacturing: Malleability, machinability, cost and sustainability 29. Types of engineering materials: Metals - Ferrous metal alloys 30. Types of engineering materials: Metals - Aluminium alloys 31. Types of engineering materials: copper, brass and bronze</p>
10 March	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <p>32. Polymers: Thermoplastic polymers 33. Polymers: Thermosetting polymers 34. Engineering ceramics 35. Composite materials</p>
17 March	<i>No WOTC - Y10 Mock Examination Week</i>
24 March	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <p>36. Smart materials 37. Interpreting orthographic third angle projection drawings - BS EN 8888 38. Interpreting orthographic third angle projection drawings - Line types and abbreviations 39. Interpreting orthographic third angle projection drawings - Dimensions, tolerance and surface finish</p>
31 March	<p>Revise, by using the revision guide and knowledge organiser, together with the printed questions for the selected topics listed below. You must first read the revision guide (printed and provided to you) and the knowledge map, highlight any keywords and then complete the provided questions on each topic</p> <p>40. Interpreting orthographic third angle projection drawings - Mechanical features 41. Influence of scale of manufacture on production method - Scales of manufacture 42. CAM- advantages and limitations 43. Quality - Quality systems</p>

17 March	<i>No WOTC - Y10 Mock Examination Week</i>
24 March	Understanding Factors Affecting Menu Choices - knowledge
31 March	Understanding Factors Affecting Menu Choices - questions and answers

Mathematics

Week beginning	WOTC
Weekly Tasks	<p>Monday - Begin the first half of the Mathswatch task set by your class teacher.</p> <p>Tuesday - All Maths work outside the classroom will be assigned on Sparx. The specific topics will vary each week depending on the class, aligning with what teachers are covering in lessons and adapted continuously throughout the term to suit the students' progress. Following assessments, students will also be given intervention tasks to complete, which may be assigned as Work Outside the Classroom (WOTC). Additionally, there will be consolidation tasks on Sparx tailored to each student's needs, focusing on topics bespoke to their individual learning journey.</p> <p>All Sparx work should be completed in books, with the date clearly written at the top of each piece of work. Sparx codes should also be recorded in the margins to ensure clarity and organization. This approach supports both accountability and effective learning habits.</p> <p>For pupils requiring further support, WOTC Club is available every lunchtime in M12, providing a helpful space for guidance and assistance.</p> <p>This information can be found on Bromcom weekly with due dates. Class teachers will also share topic lists for the fortnightly assessments—while this is not compulsory WOTC, it is highly recommended as a guide to support effective revision.</p> <p>Wednesday - Complete Skills Check task 1.</p> <p>Thursday - You might be asked to complete a bespoke Mathswatch task if your teacher feels you need to develop your skills further post a Skills shadow assessment.</p>

Music

Week beginning	WOTC
6 January	Log onto Focus on Sound and complete the lesson and test on Notes of the Treble Clef and Notes of the Treble Clef 2. You must achieve above 80% for both.
13 January	Log onto Focus on Sound and complete the lesson and test on Alto Clef. You must achieve above 80%.
