

Carshalton Boys Sports College

24 March 2020

Dear Parent/Carer

I just wanted to touch base with you all regarding developments over the weekend and share a few updates from us here at school.

As you are aware, the school is now closed completely, except to provide childcare for a very small number of key worker's children. I would like to thank you all for your efforts to cooperate with this request. This has enabled us to make sure all but a tiny number of staff are now working from home in line with government guidance.

We have set work centrally for year 7-9 students for this week and next week, students should have a hard copy of these resources and an exercise book to work in. Teachers who are fit and well, have been asked to set work for year 10 and year 12 classes in line with the normal school timetable.

Year 11 and 13 students have been told to take a break from their studies, we will contact them next week to suggest some positive things they can start to do to prepare them for their next stage. As soon as we hear about arrangements for awarding grades this summer we will be in touch with the details.

We have set up some support lines to provide you with advice if you need it over the coming weeks:

Safeguarding concerns: 07803752426

Pastoral concerns: 07803752404

For all other concerns, please either call the school and leave a message and a member of staff will call you back. Or email contact@carshaltonboys.org with your query and it will be forwarded to the relevant person/team.

Parents/carers of students eligible for Free School Meals will receive a communication regarding the supermarket voucher scheme in the next couple of days. Please follow the instructions provided, and contact the school if you experience any difficulties accessing the system.

At the present time, it seems likely that school closures will continue after the Easter holidays in to the summer term. If this is the case, we will be in touch with all year groups in advance to set more work and explain arrangements for any planned assessments, events etc.

Please keep in touch over the coming weeks, it is at times like these that our CBSC family really shows how amazing it is.

Take care everyone, my thoughts are with you all...

Yours sincerely

Simon Barber
Principal
