

Carshalton Boys Sports College

6 April 2020

Dear Parent/Carer,

I hope that this letter finds you and your family safe and well. Thank you for support over the past two weeks of school closure. This has been an alien and stressful experience for us all but, although we are physically separated, in many ways the CBSC family feels stronger than ever.

It is now looking very likely that the school closure will continue after Easter; I am writing to give you more detail on schoolwork expectations should this be the case.

This prolonged closure makes it even more important that students are following a productive routine whilst working from home. The physical and mental health of family members must be the first priority in these circumstances, but where young people are fit and healthy they must be working hard to moderate the impact of this situation on their education.

Over the past two weeks Year 7, 8 and 9 students have been completing independent projects whilst Year 10 and 12 students have been set work by their normal classroom teachers. The subject-specific model followed by Year 10 and 12 will be extended to all year groups after the Easter break, but with a modified timetable to make organisation of time more straightforward.

The timetables for each year group are detailed overleaf. Please keep a copy of the relevant timetable and use it to help organise your son or daughter's time. All work will be communicated through Show My Homework. This system will commence on Monday April 20th.

In addition, although our strong advice is that students find activities to take their mind off work during the current holiday period, we recognise that some will find comfort and enjoyment in continuing with some study. As such, optional challenge activities and links to other resources will be posted on the Show My Homework website.

Wishing you all health and happiness at this difficult time,

Yours sincerely

Simon Barber

Principal

"Making a Difference"
